Loop Sounder white

LS 3300 W

order number : 32012

Low current multiple tone sounder directly powered by loop 3000, with bidirectional short circuit isolator:

- direct connection to loop 3000
- 2 different tones adjustable (including DIN tone)
- automatic addressing (soft-addressing)
- manual addressing (Easy Check)
- audibility adjustable via potentiometer

#### technical data

dimensions	(H x Ø): 100 mm x 101 mm
weight	0,34 kg
remarks	Dimensioning via loop calculation tool necessary in order to identify the exact number of possible sounders per loop.
operation voltage	15 up to 30 V loop powered
alarm current	5 mA
volume	max. 97 dB
operation temperature	-10 °C up to +60 °C
protection class	IP 43
colour housing	white
material	ABS
diameter	101 mm

errors and alterations excepted
